 @[Datta Rahegaonkar](#)

## SKILLS

- ❖ **Frontend** : HTML, CSS, Javascript, React
- ❖ **Backend** : Node.js, Express.js
- ❖ **Databases** : MySQL, MongoDB
- ❖ **Languages** : Java OOP
- ❖ **Version Control** : Git & GitHub

## EDUCATION

- ❖ Computer Engineering | Smt. Kashibai Navale Collage of Engineering, Pune *CGPA: 8.0 | (Sep 22 - July 26)*
- ❖ XII | Jr. Raireshwar Collage, Parbhani *80 % | 2022*

## PROJECTS

- ❖ **Climate Cast - Weather Web Application** | [Live](#) | [Source Code](#)  
Developed a responsive web application to provide real-time weather updates and forecasts for users based on their location using HTML, CSS, JavaScript and OpenWeatherMap API technologies. Here I learn to manage API and manipulate data in simple manner.
- ❖ **PortFolio Website** | [Live](#) | [Source Code](#)  
Developed a personal responsive portfolio website to showcase projects and skills in web development and software development using technologies HTML, CSS, Javascript.
- ❖ **StayHaven - Hotel Booking Web Application** | [Live](#) | [Source Code](#)  
StayHaven is a comprehensive hotel booking platform designed to simplify the process of finding and reserving accommodations. The website is built using modern web technologies. StayHaven Shows my skills in full-stack web development and my passion for creating user-friendly applications. The project not only demonstrates technical proficiency but also focuses on delivering a seamless user experience in the hotel booking process.

## EXTRACARRICULARS

- ❖ **NSS Volunteer - National Service Scheme (NSS)**
